
Federal Funding for Person County

Person County Memorial Hospital Outpatient Facilities Expansion Project - \$325,000 to renovate and expand the hospital's emergency department to reduce wait times and improve patient care. Its Physician Specialty Clinics need two additional exam rooms, which will increase the capacity for patients to receive services, including cancer treatment, in their own community. The requested funds would provide three full-sized operating rooms, private recovery rooms, a family waiting area with a physician consult area, and a dedicated outpatient exit with a canopy and walkway.
